

Fishing in Loch Lomond & The Trossachs National Park

PÀIRC NÀISEANTA LOCH LAOMAINN IS NAN TRÒISICHEAN

GAME FISHING IN THE NATIONAL PARK

Game fishing for salmon, sea trout or brown trout and in some places rainbow trout or grayling, can be enjoyed at a number of locations throughout the Park, many of which are in scenic highland situations. Boat fishing, as well as bank fishing, is available in many of the locations. The map can be used to identify the main locations listed below starting from the north west corner of the Park and working clockwise to the south east corner.

COARSE FISHING IN THE NATIONAL PARK

Most of the outlets which sell permits for brown trout fishing will also sell permits for coarse fish species that are also present. The following list includes locations where fishing for coarse species may be possible. It cannot be regarded as definitive and there is no guarantee that permits will be available. However, it is hoped that this list will provide a starting point for anyone primarily interested in coarse fish. Species in the park include pike, perch, roach, dace, bream, chub, carp and gudgeon.

FISHING CLUB PUBLICATIONS

Individual fishing clubs and associations often produce free guides to their area. Dunoon & District Angling Club publishes a free leaflet while the Tay Liaison Committee produces a more substantial booklet entitled Tyndrum To Perth at £2.50
